Oracle Cloud Adaptor on Flodata

ERP System

ORACLE E-BUSINESS SUITE

flodata ...anywhere

Export data to CSV → Select import process → Execute import

Fix data using ADFI or at source ← Yes — ⚠️ **Errors** — No → Data successfully uploaded to tables → **ORACLE CLOUD**

160+ Integrations using SOAP, REST & FBDI for Finance and SCM

ORACLE ERP Cloud ← → **flodata** ...anywhere

ORACLE E-BUSINESS SUITE

ORACLE AGILE

salesforce

Agile integration with Oracle Cloud ERP and Salesforce

Test Automation Suite

Test Cases → Automation Script → Selenium Engine → HTML Report → Extent Report

Expedite QA process during implementation
Automate regression testing for production upgrades

Key Features

ORACLE Selenium Test Automation

> Supports record & playback of scripts
> Generate reports automatically
> Supports different languages as well as different platforms
